

A man with a beard, wearing a black t-shirt and dark pants, is standing in a studio. He is reaching up to adjust a large, white, rectangular studio light that is mounted on a stand. The light is glowing. The background is a plain, light-colored wall. The overall image has a soft, slightly desaturated color palette.

ABOUT US

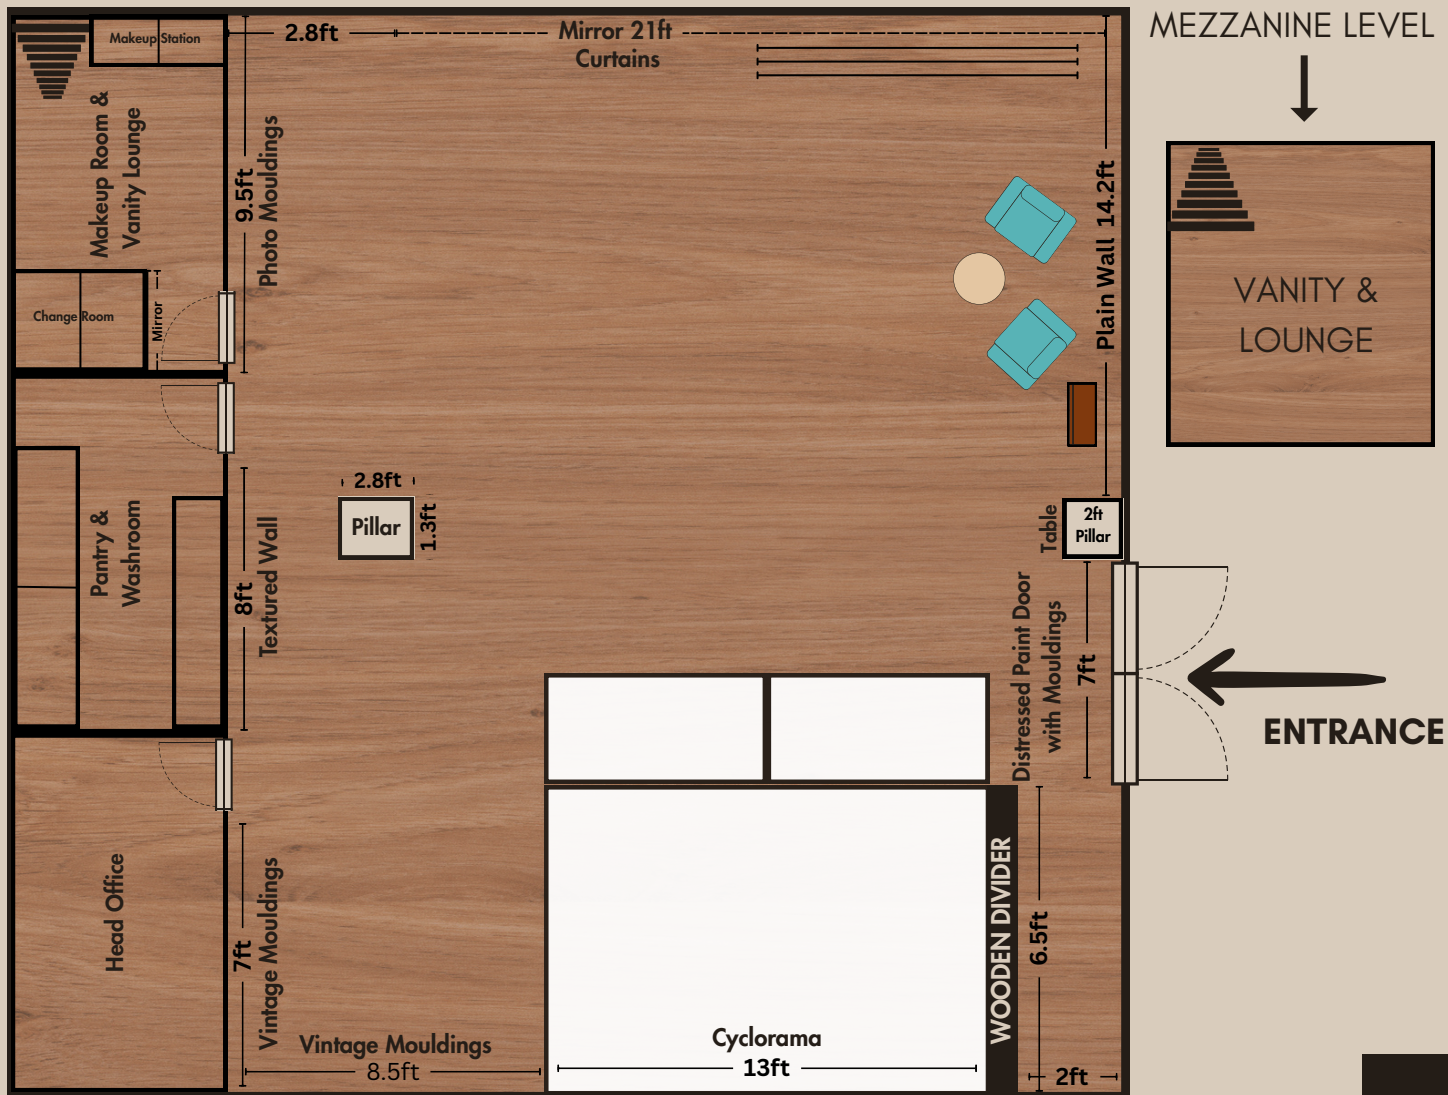

After the love we received for Studio Ash, we wanted to create a second space that feels more personal, more curated — and that's how Studio Ash NXT came to life.

It may be smaller in size, but it's big on aesthetic vibes. Every corner of NXT is designed with intention — textured walls, mood lighting, and cozy setups that instantly inspire.

It's the perfect spot for creators who love detail, style, and a little bit of magic in their visuals.

Whether you're shooting fashion, music, portraits, or content for the 'gram, Studio Ash NXT gives you that visual punch without overwhelming your frame. Just pure creative energy in a beautifully designed space.
